Trying to download Microsoft Office Product Key without.edu email Address I have tried all the above with same results. I have a brand new MS Office software and tried with all the Microsoft Office 2007 Product Keys that I have found online. It's not a crack product like other versions of MS Office or the previous MS Office 2007 versions. I have read all the posts here and most of them suggested to download with an.edu email Address. I use a paid account and a product key. I just don't want to use a.edu email Address. I did try this solution found here on SuperUser.com and the same as everyone with no luck. A: I was finally able to 4bc0debe42
